3 Nusiness Prospect of Year 2019:

Looking back year 2018, ECOVE fully demonstrated the fervent ambition on "Qualitative Change" for business promotion and execution. In addition to developing the existing business steadily, ECOVE has successfully won the Macau Incinerator Center 45 months O&M contract. For new business development, we continuous strive for opportunities, for example, we won the Taoyuan Biomass BOT Project, which allows us to step in the field of bioenergy and state-of-art circular economy facility establishment. We also successfully invested a solvent distillation plant and turned it into a waste solvent recycling plant through process modification, expanding our recycling business. Regarding the ECOVE brand promotion, in addition to the domestic sector, we have also achieved concrete results in establishing overseas markets such as Malaysia, Thailand, Vietnam and India. In future, ECOVE will endeavor on the following three business area to enhance sustainable development and expand abroad.

A. Energy from Waste and Waste Management Business

For domestic market, in addition to securing the existing projects, ECOVE is keen to develop new business opportunity and attend bid by cooperating with EfW plant life extension policy and multi-approach waste management policy, applying overseas successful technology and providing total solution.

Regarding overseas market, ECOVE keeps develop the business in ASEAN, China and India by cooperating with local government and teaming up with local enterprise. Moreover, ECOVE actively participated in relevant forums and following government's southbound policy ECOVE will replicate successful PPP (BOT) business model and the mature O&M (including ROT) capabilities to overseas market.

B. Solar Power Business

Besides maintain stable operation of domestic existing project, the new award project will be implemented as scheduled and expand business to the reclaimed landfill, floating or other ground-mounted projects. Following government's expansion policy ECOVE will continuously and cautiously seeks opportunity for investing mega-scale project. For overseas market, in addition to maintaining stable operation of existing project in the U.S, following the national green energy policies, ECOVE will continuously develop suitable targets for major countries and emerging markets, and introduce strategic investment partners to expand investment scale and reduce financial burden and risk.

C. Recycling Business

Besides implements the waste IPA recycling plan, ECOVE will continuously study various market conditions, integrate technical resources inside and outside the group, and identify other potential recycling items domestic or overseas, including the recovery of valuable raw materials from industrial waste, wastewater, or municipal waste. In addition to promoting the successful development model of the IPA recycling project, ECOVE will also actively evaluate the target for mergers and acquisitions.

REPORT OF INDEPENDENT ACCOUNTANTS TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of ECOVE Environment Corp.

Opinion

We have audited the accompanying consolidated balance sheets of ECOVE Environment Corporation and its subsidiaries (the "Group") as at December 31, 2018 and 2017, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2018 and 2017, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers", and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the "Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants" and generally accepted auditing standards in the Republic of China (ROC GAAS). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

The most significant key audit matters in our audit of the consolidated financial statements of the current period are as follows:

Accuracy of service revenue

Description

Please refer to Note 4(28) for accounting policies on operating revenue, and Note 6(21) for details of operating revenue.

Operating revenue mainly arises from service revenue and electricity sales revenue. The service revenue mainly arises from contracts entered into with certain governments (grantors) that involve charging for the service per unit in accordance with contracts and self-undertook services. The cash amount of service revenue was NT\$ 2,427,326 thousand for the year ended December 31, 2018, presenting 50% of operating revenue for the year ended December 31, 2018. Due to the fact that this type of revenue involving the accuracy of the reports used and manual calcuation, we consider the accuracy of service revenue a key audit matter.

How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Obtained an understanding of the procedures of waste treatment and tested relevant internal controls, including randomly checking the actual amount of disposals that are treated at the waste treatment plant monthly, the consistency of monthly statements that management used in calculating revenue, and the consistency between service fees per unit and contract.
- B. Verified the accuracy of statements that management used in calculating revenue, including the amount of disposals treated and the service fees per unit, recalculating the accuracy of cash amount and ascertained whether it was in agreement with recorded revenue.

Other matter-Non-consolidated financial statements

We have audited and expressed an unqualified opinion on the non-consolidated financial statements of ECOVE Environment Corporation as at and for the years ended December 31, 2018 and 2017.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ROC GAAS, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

A. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of

not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- B. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- C. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- D. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- E. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- F. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT OF INDEPENDENT ACCOUNTANTS TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of ECOVE ENVIRONMENT CORPORATION

Opinion

We have audited the accompanying non-consolidated balance sheets of ECOVE Environment Corporation (the "Company") as at December 31, 2018 and 2017, and the related non-consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the non-consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying non-consolidated financial statements present fairly, in all material respects, the non-consolidated financial position of the Company as at December 31, 2018 and 2017, and its non-consolidated financial performance and its non-consolidated cash flows for the years then ended in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers".

Basis for opinion

We conducted our audits in accordance with the "Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants" and generally accepted auditing standards in the Republic of China (ROC GAAS). Our responsibilities under those standards are further described in the Independent Accountant's Responsibilities for the Audit of non-consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the non-consolidated financial statements of the current period. These matters were addressed in the context of our audit of the non-consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

The most significant key audit matters in our audit of the non-consolidated financial statements of the current period are as follows:

Service revenue of subsidiaries accounted for under the equity method

As at December 31, 2018, the investments in subsidiaries, ECOVE Wujih Energy Corp., ECOVE Environmental Services Corp., ECOVE Waste Management Corp., ECOVE Miaoli Energy Corp. and SINOGAL-Waste Services Co., Ltd., were accounted for under the equity method and amounted to \$3,255,272, constituting 66% of the Company's total assets and are material to the non-consolidated financial statements. Thus, we consider the accuracy of service revenue of subsidiaries accounted for under the equity method as a key audit matter.

Description

Please refer to Note 4(28) for accounting policies on operating revenue.

Operating revenue mainly arises from service revenue and electricity sales revenue. The service revenue mainly arises from contracts entered into with certain governments (grantors) that involve charging for the service per unit in accordance with contracts and self-undertook services. As the relevant revenue is the main operating income of each subsidiary and also material to investment income and losses. Thus, we consider the accuracy of service revenue of subsidiaries a key audit matter.

How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Obtained an understanding of the procedures of waste treatment and tested relevant internal controls, including randomly checking the actual amount of disposals that are treated at the waste treatment plant monthly, the consistency of monthly statements that management used in calculating revenue, and the consistency between service fees per unit and contract.
- B. Verified the accuracy of statements that management used in calculating revenue, including the amount of disposals treated and the service fees per unit, recalculating the accuracy of cash amount and ascertained whether it was in agreement with recorded revenue.

Responsibilities of management and those charged with governance for the nonconsolidated financial statements

Management is responsible for the preparation and fair presentation of the non-consolidated financial statements in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers", and for such internal control as management determines is necessary to enable the preparation of non-consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the non-consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the Company's financial reporting process.

Independent accountant's responsibilities for the audit of the non-consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the non-consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these non-consolidated financial statements.

As part of an audit in accordance with ROC GAAS, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

A. Identify and assess the risks of material misstatement of the non-consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- B. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- C. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- D. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the non-consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- E. Evaluate the overall presentation, structure and content of the non-consolidated financial statements, including the disclosures, and whether the non-consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- F. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the non-consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the non-consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
